

FUSIL

Fused Silica Shapes

ICP FUSIL (fused silica based) ceramics are an excellent solution when severe thermal shock is a concern.

ICP FUSIL Benefits

Extreme Thermal Shock Resistance

High Strength - Volume Stable

Cost Effective

Applications

Nozzles

Pour Cups

Element Supports

Crucibles

Ladles

Shrouds

Stalk Tubes

Rings

Rods

Cover Plates

Induction Liners

Also available:

Adhesive developed for bonding FUSIL components.
